STUDENT EXPECTATIONS

A photograph of a classroom or lecture hall. In the foreground, the backs of several students' heads and shoulders are visible as they sit in rows of chairs. They are facing a large projection screen at the front of the room. The screen displays a presentation with a blue background, featuring a large image of a glass and some text. The room is dimly lit, with light coming from the screen and a window in the background. A few people are standing near the front of the room, possibly a presenter or a student. The overall atmosphere is that of a formal educational setting.

YOUR PROMISE

I promise to embrace the fact that only I am in control of my path, and the only person who can guarantee my success is me. This plays largely into achieving your desired outcome.

I promise to remember that while changing my life is going to feel hard, scary, and lonely at times, I am never alone.

I promise to be a part of making the future of the General Assembly community stronger than it is today by sharing my wisdom, skills, talents, and support with fellow students and alumni.

BECOMING A JOB SEEKER

Outcomes Opt-In

As part of starting a program, all immersive students will acknowledge outcomes expectations via the start of class survey. At graduation, students will need to “opt-in” to Outcomes via the end of class survey, acknowledging they understand job seeker expectations.

Job Search Kickoff Timeframe

Outcomes Team goal is to have all graduates qualified as job seekers & kicking off their job search within two weeks of graduation. Graduates may not take more than one month post-graduation to become qualified job seekers & start their search.

Qualified Job Seeker Definition

Meets the following requirements as signed off on by their Career Coach:

- Has met all criteria to graduate their immersive program
- Has a working, professional resume, LinkedIn & GA Profile, Project/Portfolio
- Has a job search tracker (i.e. way to share their progress w/ Outcomes Team)
- Has participated in all Outcomes Programming

Inactive Job Search

Between the time a graduate takes to start their job search + additional time they choose to take off (i.e. vacation) a graduate cannot be inactive in their job search for more than 30 days total. Being inactive for more than 30 days may disqualify a graduate from Outcomes support.

JOB SEEKING STATUS

SUCCESS IN YOUR JOB SEARCH

We recognize that the job search is a personal journey for each student. However, the following steps are key to success & to remain an active job seeker.

If you do these things, you will continue to receive my full support!

WHAT COUNTS AS AN OUTCOME?

- Graduate achieving paid, full-time employment in their field of study
 - This includes contract, freelance and internships that are one month or longer
 - Full-time definition is >32 hrs/wk
- Launching a company

WHAT DOES NOT COUNT AS AN OUTCOME?
